

Technical Data Sheet

Stain Solution Pro ECO

version 08.2024

SORB®XT Stain Solution Pro ECO

Application: Stain remover, Cleaning agent, Detergent
Cleaner, 648/2004/CE, contains:

< 5% non-ionics surfactants, CAS: 68439-46-3

< 5% anionic surfactant, CAS: 68411-30-3

EC Number: 614-482-0

UFI: MV60-U98P-C00Y-29R4

Properties	
Physical state	slightly turbid liquid
Colour	light blue
Odour	faintly
Melting point / freezing point	0 °C
Boiling point	100 °C
Flammability	not applicable / non-flammable
pH-value	approx. 7 / pH-neutral
Shelf life	< 36 months (longer when kept sealed)
NSF registration no. 164010	Category Code: A1, A8
Solubility and Compatibility	<ul style="list-style-type: none"> - soluble in water - chemically stable in presence of dilute acids, bases and salts - compatible with anionic, cationic and other non-ionic surfactants
Risk	<ul style="list-style-type: none"> - no risk for humans & environment or for any hard surfaces - does not disturb the work of oil-separators - does not create stable emulsions with water and petroleum products
Mixture	
Substance name:	Alcohols, C9-11, ethoxylated
Concentration (%)	1 - < 3
	CAS: 68439-46-3 EINECS/ELINCS: Polymer
	GHS/CLP: Eye Dam. 1: H318 - Acute Tox. 4: H302
Classification of substances hazardous to waters	WGK1 / hazard class 1

Toxicological information	
Toxicological effects:	non-toxic
	contains < 2,5 mole EO (Ethylene Oxid)
	concentration is nearly 100%
LC ₅₀ toxicity	< 10 – 100 mg/l
Market	
Field of application	<ul style="list-style-type: none"> - Home Care - Industrial and Institutional Cleaning - Oilfield - Agriculture - Textiles - Coatings - Food industry, Catering industry - Petrol station and workshop floors
Origin	
Manufactured	EU

Handling Precautions

Before using this product, consult the Safety Data Sheet (SDS) for details on product hazards, recommended handling, precautions and product storage

Storage

Store products in tightly closed original containers at temperatures recommended on the product label

Disposal Considerations

Dispose in accordance with all local, state (provincial) and federal regulations. Empty containers may contain hazardous residues. This material and its container must be disposed in a safe and legal manner. It is the user's responsibility to verify that treatment and disposal procedures comply with local, state (provincial) and federal regulations.

Tested / registered:

Hygiene-Institut des Ruhrgebiets: determination of aquatic toxicity LC₅₀ :

NSF International / Nonfood Compounds Registration Program: acceptable as a degreaser or carbon remover in the food industry
